

TRIO EDUCATIONAL OPPORTUNITY CENTERS (EOC) PROGRAMS OFFER HOPE AND OPPORTUNITY FOR ADULTS

A new future is closer than you think! EOC provides services to adults who have survived, and in many cases continue to navigate life challenges. Academic advisors are located in many counties throughout Kansas and are prepared to help you set your sights on your next step in life.

Today a greater number of jobs **require more education beyond a GED or a high school diploma**. In order to find a stable job to support yourself and your family you may need some additional training beyond a GED or a high school diploma.

EOC will work with you every step of the way. Completing the FAFSA online is challenging and will need to be completed to see if you are eligible to receive a Pell Grant to pay for school.

There are many paths an individual can take, whether you are interested in a career and technical education (CTE) certification program, a community college program (e.g., associates degree), or a four-year bachelor's degree, we can provide you with the resources and knowledge necessary to pursue the educational and career goals at the school of your choice.

All of our services are free. Reach out; we are here to help you.
